MOVEMENT FOR HUMAN RIGHTS

INTERNATIONAL YOUTH CONFERENCE ON HUMAN RIGHTS - JAPAN 2020

16-18 April 2020 | Catholic Osaka Umeda Church

With the focus on investing in the younger generation, the Movement hopes to educate Vietnamese youth, especially within Vietnam, to understand the principles of democracy, freedom and human dignity through workshops and interactive sessions. The immediate goal is to help the development of an independent way of thinking, to escape the imprisonment of Communist ideology – the one-way system of education.

The purpose of the Conference is to:

- *Raise awareness among the young generation about the situation of human rights in Vietnam and the risk of losing sovereignty to the Chinese aggression and assimilation plan.*
- *Work together to find an action program to promote freedom, democracy, human rights and territorial sovereignty of affected countries including Vietnam.*
- *Establish and link the Alliance Network of young activists in Vietnam, Southeast Asia and around the world.*

This Conference will be attended by special young speaker Joshua Wong and activists from Vietnam and countries like Tibet, Uyghur, Taiwan.
